The Moms on Call Swaddle Method

6 Step Instructional Guide & Video

MOMS ON CALL

It's been called a miracle sleep trick

At Moms on Call, we've spent the last 20+ years equipping families with the tools necessary to get much-needed rest for the long haul. We've taught thousands of parents how to swaddle like a pro with our tried and true method.

Embrace the journey.
You're not in this alone.

MOMS ON CALL

1. Position Baby

Fold the top corner of your swaddle down and position Baby at the top of the swaddle, slightly to the left.

2. Secure Baby at Hip Level

Use the bottom corner of the swaddle to secure Baby at hip level, tucking the blanket behind the baby on both sides.

3. Secure Baby's Right Arm

Tuck Baby's right-hand, palm down, under their right hip.

4. Secure Baby's Left Arm

Keeping your left hand at Baby's right hip, use your right hand to wrap the swaddle from left to right over Baby's torso and tuck the excess fabric behind the baby. Then tuck Baby's left hand, palm down, under their left hip.

5. Wrap & Tuck

Wrap the remaining fabric across Baby's body from right to left, wrapping it all the way behind Baby at elbow level.

6. Tighten & Secure

Remove slack with a firm tug and tuck the remaining fabric into the pocket on Baby's chest.

MOMS ON CALL

We heard it too many times:
“Babies don’t come with an instruction manual.” Instead of taking the old cliché at its word, we asked “why not?”.
